But perhaps you would prefer a short boat trip on the Sognefjord to visit the Urnes stave church, dating back to 1130 A.D. and incorporated in UNESCO's World Heritage List. The Sogn Folk Museum at Kaupanger is also well worth a visit.

Marked trails for walking are easily accessible, and the hotel also offers such activities as trout fishing, boating and cycling. Boats/cycles are available for hire.

On dit de Hafslø que c'est une perle parmi les petites localités de la province de Sogn, à l'entrée du massif du Jotunheimen et du glacier de Jostedalbreen. C'est là où se trouve l'hôtel Eikum, qui offre un panorama enchanteur sur le magnifique lac de Hafsløvannet, parmi les montagnes et les collines boisées.

L'hôtel Eikum est un point de départ idéal d'excursions sur la magnifique contrée de Veitastrond, avec ses pâturages d'été, ses montagnes abruptes, ses lacs paisibles et ses glaciers. Ou sur Jostedal, qui vous permet d'admirer une branche (le glacier de Nigardsbreen) du plus grand glacier d'Europe. A moins que vous ne préfériez une courte excursion dans le Sognefjord pour visiter la vieille église en bois debout d'Urnes, qui date de 1130 et est classée par l'UNESCO comme faisant partie du patrimoine culturel mondial. Et le musée des traditions populaires de Kaupanger, lui aussi, vaut bien une visite.

A proximité de l'hôtel, vous pouvez faire des promenades sur sentiers balisés, pêcher la truite ou louer en bateau ou une bicyclette.

L'hôtel Eikum se fait un point d'honneur à vous offrir un environnement calme et détente, une bonne nourriture, et une atmosphère familiale.
